

TRE

The Resource Exchange

June 2014

To Whom It May Concern:

The Resource Exchange (TRE) endorses the work of the fabulous cleaning crew from Jan-Pro Cleaning Systems. TRE contracted with Jan-Pro many years ago, and we have been pleased with the quality of their work. In addition, their responsiveness to keeping our building clean is very important as our 145 employees call this “homebase” during their work day.

Jan-Pro has also made a true commitment to the Pikes Peak Region through its support of many important nonprofit agencies that make our community stronger and more vibrant. The 3,000 infants, children, and adults with developmental disabilities that TRE serves annually have benefited from Jan-Pro’s generosity.

Sincerely,

David Ervin  
Executive Director
